

Dear FCC;

I think New Jersey's "Do Not Call" list should be left as is, even though it is more stringent than the federal one. Maybe the federal one should be made tougher, but don't cause our's to be changed. Telemarketers may think they have the right to call me at my home, but they DON'T, it is MY home and I have the right to keep them out, just as I have the right to keep others out!!!! DON'T CHANGE OUR LAW!!!!  
Thank You; Richard L. Hazekamp
